Tahoe Chamber In Support Of Park District At Lake

KINGS BEACH—Directors of the Lake Tahoe Sierra Chamber of Commerce meeting Thursday, August 16, endorsed two political programs brought to their attention. One pertained to the formation of a recreational district, comprising the same area as the proposed new fifth supervisorial district of Placer County. The other chamber endorsement involved State Senator Ronald G. Cameron's opposition to proposition 23, which will appear on the November ballot.

According to a report from the State of California, which was reviewed by the chamber board, a recreation district could provide community facilities as well as attractions for summer and winter tourists in the North Sierra Lake Tahoe area. A major concern of district officials, should the electorate decide to form this political subdivision, would be community meeting facilities, swimming pools, tennis courts, and play and picnic areas.

Directors of the chamber instructed their manager to announce their endorsement of this District and to seek persons to circulate petitions addressed to the Placer County Board of Supervisors requesting an election to determine public opinion on this matter.

"I believe I am fully qualified to administer the office I seek and will do the best I can, if elected, to justify the support of the voters."

Forest Fire Near Truckee Halted In Concerted Fight

The first major forest fire of the current season flared up Saturday about 1 p. m. a mile west of Truckee above the Southern Pacific tracks and swept over 10 acres of tinder dry brush and timber before it was brought under control by the concentrated efforts of fire fighters.

The forest service threw every available resource against the stubborn blaze, including four bentonite planes, two from Beckwourth and two from Nevada City; the 32-man hot shot crew of Folsom inmates from the Hobart Mills camp, at least 50 forest service crewmen, the Southern Pacific fire train from Norden, the tankers and men from the Truckee and Donner Lake Volunteer Fire Departments and two cats, one from Shane Brothers and the other from Clement Rock Products. The Big Bend and Sierraville forest service stations also sent assistance.

The planes dumped eight of ten loads of bentonite on the wind-fanned flames in a spectacular show.

The cause of the fire was not immediately determined but started in dry grass on the rocky point north fo the sawmill area.

Smoke Screen

The fire laid a smoke screen over the business section of Truckee and spot fires edging their way toward the community were quickly extinguished by the firemen.

At least two of the fire fighters were turned a bright pink when they came in range of the loads dumped by the planes. A pink dye is mixed with the bentonite solution to indicate where the dumps are landing and it was this dye which sprayed Carroll Maynard, local highway patrolman and Lt. Ed Brocker of the department of corrections who was in charge of the Folsom inmates combating the flames.

Neither was injured but their clothing was dyed a pretty pink.

Folsom Crew Busy Fighting Fires With Conservation Work

The 32 Folsom prison inmates comprising the so-called "hot shot" crew under the supervision of the U. S. Forest Service and California department of corrections near Hobart Mills have many times this summer proved their usefulness as efficient fire fighters and have contributed greatly in the conservation program.

The crew, under the direction of Lt. Ed Brocker of the department of corrections, and Lyndon Orr of the forest service, has quickly controlled more than 20 incipient fires as well as having played a leading roll in combating the 10-acre conflagration west of Truckee Saturday afternoon.

This readied crew can be on a fire line in minutes while it would take perhaps hours to recruit an equal number along the streets and the latter would lack completely the knowledge and know-how of the trained inmates.

When not needed for fire fighting, the crew is busy preparing for fire experiments proposed for next month at Billy Hill inside the old Donner Ridge burn. These experiments will be conducted by the forest service and the scientists of the University of California at Los Angeles an dthe inmates are used to prepare the area, make the excavations, pile the required brush and do other preliminary labor.

Last week the crew was taken to the Stanislaus Forest to aid in combating a major forest fire and earned the praises of their officials for their effective efforts.

"These men have more than paid their way already," George Steed, Truckee District forest ranger declared in summing up their activities. "They have not only contributed greatly to our fire protection program but are excellent workers in our various conservation projects."

Three major organizations, the Honorable Order of E Clampus Vitus, the Truckee-Donner Horsemen and the Truckee-Donner Chamber of Commerce are taking vital roles in the dedication program for the new Emigrant Trail Museum at Donner Memorial State Park on September 8 and 9.

Other local and neighboring groups, including the Placer County Mounted Posse, the Lake Tahoe Sierra Chamber of Commerce, the Placer County Chamber and others will also lend valuable assistance, according to N. F. Dolley, local chamber manager and general chairman of the forthcoming celebration.

In their "Clamproclamation" the members of William Morris Stewart Chapter No. 10 of Nevada City invited 300,000 members in California to the "Trek to Truckee" on September 8 and 9.

On Saturday, September 8, the organization will conduct an initiation and "slippery gulch" and on Sunday will take part in the parade and ceremonies at the dedication. Frank Gallino and Charles Kitts will be the camp cooks at the "slippery gulch" program.

The Clampers are also scheduled to conduct a street dance in Truckee Saturday night with tables arranged outside for refreshments. The Clampbands will provide the music and a good time is assured.

SUMMIT SCENE

By FRAN COUILLARD

Salutes, huzzahs and cheers.

First to Sandy Juells, spoused, with a four months old Johnny Boy. Sandy will still have to show her I.D. card because she can't quite make a 21 year old look—even if she is hitting that "old age" this very week.

Second, to Phil and Helen Nicholls at beautiful Pla Vada Estates. They celebrate a new subdivision opening—Subdivision No. 3—with the "unveiling of 25 new beautiful lots."

Third, to Bill Vail (Vail's chevron service) who had a couple of strange events happen to him in the past few weeks. First (and you have heard of people driving off and leaving one of their offspring behind them) this DID happen. A real cute little fellow, too—and we believe that if his folks hadn't discovered their loss and returned (quite a few hours later) that Bill would have slapped a lien on the parents for his enjoyable hours of "baby sitting."

The other "event" that took the dull edge off the day—was "burrough sitting." Seems like a feller had this burrough for the purpose of going prospecting, or something. The feller was found bedded down on Highway Forty's white line with the burrough standing patiently at the side of the road awaiting his master's awakal. The queer situation was reported to Bill who lives in a house by the side of the road and strives to be a friend to man. And our friend to man responded nobly to the situation—and burrough sat whlist the master recuped.

Fourth, salutes, huzzahs and cheers to American Legion Post 811 who celebrates next Sunday with their umptieth annual barbecue. This Donner Summit Post (Harold Eugene Jones) is small in membership. It has its staunch workers doggedly and determinedly put on this wing ding in the back yard of Beacon Hill Lodge (beautifully landscaped) each year to bolster the enthusiasm of this little "out post" post. Hope to see you there. And John Lucas' barbecued chicken is "way out man"—and in case you don't know John—he has been the chef, and Beacon Hill's good crutch and prop for many a year.

Last Sunday we were properly shook from our lethargy by a report that a lady had last been seen walking into Lake Van Norden. The locals—with the assistance of one of our county sheriffs and a boat spent several hours in a frantic search—but to no avail. Just about that time that more drastic procedure had been decided on—our lady was found sleeping peacefully beneath the branches of a huge pine tree. So we returned to our Sunday lethargy.

We look at the calendar and realize that in such a short, short time the school buses will be on the road. And when the school buses run—it means that summer has almost left us. And we say where has it gone? And we know that not too far in the future—our valley heat escapees will be boarding up their windows and draining their water systems—in preparedness for their back home trek. We will miss their friendly faces from their porch swings and rockers on their front porches and patios. And sometime in September (if it doesn't fool us) will come the first flurry that starts requests for reservations pouring in for a winter season that will come too quickly this year. For our construction tizzy, that has left its scars in our mountains, has kept us all so busy that summer came and is disappearing like a wraith—and we feel as though we haven't been able to clutch one warm day for ourselves.

We had a "complaint this past weekend from an old old timer. Remember Helen and Helmer Bergman of Donner Summit Lodge? (You will have to be an old timer to remember them). Well, anyhow they dropped in to say "hello" this past weekend. On their way, as usual, to visit Tony and Eve Donadio at Tahoe City. Says Helmer, "we still take the Sierra Sun—and we read your column (everytime you write one) but there isn't anyone we know anymore. Write some more about the old timers, will you?" So, if you "old timers" will bring in your odds and ends of news—such as birthdays (if you still have them) and wedding anniversaries (if you are spoused) or descriptions of interesting trips (if you take them) or startling events if such might happen)—well, we'll rig up a column for Helmer and Helen.

Don't know if we mentioned it before—but in the same era as

SUMMIT SCENE

(Continued From Page 4)

Helen and Helmer was one Chuck Reynolds—also of D.S.L. A couple of Sundays ago in walked Chuck to proudly announce that he is now the assistant manager of the fabulous Sacramento Inn. And we remember when Chuck came to us (before he was 20) from San Francisco State College's hotel management department. Congratulations, Chuck. (And there—Helmer and Helen is someone that you will remember).

The two chic "little dolls" that boarded the bus at Soda Springs a few days ago—(west bound) were Debbie Zorich and Barbara Lyddane. Full skirted, baby French heeled, hair puffed, white gloved and sophisticated looking — they must have startled the bus driver when they each handed in a half fare ticket. The girls were on their way to Redwood City to visit friends and have a holiday before the thought of returning to school, to pleated skirts and low heeled oxfords, sans puffy hair-dos and white gloves—descended on them.

Rode down in the cool, cool of the evening to verify a rumor—and t'was so. Herstle Jones — he of famous Nyack—took unto himself two new enterprises — one Monte Vista Inn — and around the Alta and Dutch Flat area. Says Herstle, "what am I doing here? Darned if I know. There out in front sits a $30,000 car (a Rolls—no less) and here I sit dispensing 25 cent beer." But that's the way of these mountain folk. They talk about "selling" and "retiring" but the minute the glow of leisure wears off they are back at it again. Herstle has toured and toured—Europe, South America — the Bahamas(I think he said) and the glow of leisure has been tainted with the ambition of this veteran hotel man—and he just had to "get his hand in again." Anyhow—it's nice to know that someone with the background and successful experience of an Herstle Jones—has such faith in a country that is fast being passed up by the scars of construction. And someone did say once that the world will beat a path to your door for your special commodity if it's the very best. So we look for a very, very beaten patch to Herstle's two new front doors.

And before I close—will say that I am oiling up my good thinker (this here typewriter) right now so that I can write a few more reams on Donner Pass vs. Stevens Pass. (My "thinker" has soundly complained about steaming on this subject—but think I have given it a proper rest).

TAHOE BRIEFS

(Continued from Page 3)

Michael McFarlane, of Yuba City. Glenn and Ceta are longtime friends, having been born in the same village of Hammonton in Yuba County.

LaZelle Marley of Tahoe Vista was a visitor to Wheatland, San Jose, Woodland and Sacramento last week. At Wheatland visited mother, and her daughter, Sandy.

Married in Reno on Monday, August 20, were Martha McDonald and George Rielly of San Francisco. Martha, or "Marty" as she is known by many friends on the North Shore as well as the South Shore, was employed at Harrah's for almost two years before moving to San Francisco.

Women's Club of the North Shore executive board met at the home of Dorothea Whitley at Kings Beach on Tuesday for lunch and program planning for the coming year. Present at the meeting was club president, Mabel Coulter; Louise Walter, vice president; Alice Hall, program chairman; Pearl Draney, Bethel Van Tassel and the hostess, Dorothea Whitley, and special guest, Lee Aversente, president of the Campbell Garden Club.

Lee is planning a special class for September for the Women's Club, time and place to be announced. A course in corsage making, newest in flower arranging, mosiac and a new project with which Lee will surprise her class. Enrollment for the class should be made by phoning one of the above members. Watch for further announcement.

Congratulations to Mr. and Mrs. W. L. Bates of Kings Beach who celebrated their 50th wedding anniversary on August 23. Family and friends helped make the day a festive occasion. Frederick and granddaughter, Linda, of Long Beach, daughter in law, Mrs. John Bates, San Bernardino, and her mother, Mrs. Pauline Meyers; daughter Mrs. Ruth White of Kings Beach, Ruth's daughter and husband, Mr. and Mrs. Ray Gobbi, and their children, Kathy, Debbie and Lori of Stockton; another daughter, Mrs. Kenneth Rosenthal of Phoenix, Arizona was unable to attend; and Mrs. Bates three sisters, Mrs. Betty Lane of Austin, Texas, Mrs. Mrytle Mize, San Diego and Mrs. Elsie Williams of Sacramento were all present. California Motel Association members have been advised that the 16th annual California Motel Convention and Western Motel Exposition will open at 9 a. m. Wednesday, September 26 at the Biltmore Hotel in Los Angeles. Convention Committee Chairman Alfred H. King of the Pasadena Motel reports that plans are complete for the best convention yet.

Opening day's events will be highlighted by a luncheon address by President S. Cooper Dawson of the American Motor Hotel Association. He was chairman of AMHA's governmental affairs committee and has a wide acquaintance in the national's capitol.

John Itta, Crystal Bay summer resident and many years maitre d' at Cal-Neva was hospitalized at St. Mary's Hospital in Reno for minor surgery. Reports he is recuperating nicely and will shortly be back to work. Speedy recovery, John.

DIVOT DIGGERS

By BETTY KIELHOFER

Our Annual Invitational last Sunday was a golfer's dream. It's the first time, I'm sure, that a tournament offered a prize for every single contestant. We didn't have time to get the word spread properly about the tournament so there were only 45 entries.

The prizes were exceptionally nice and the country club would like to extend its sincere thanks to the local merchants who contributed again this year.

I was given a list of names of those who worked on various committees and am not altogether sure it is complete but forgive us if we forgot you—Majel Rose and Ruth Waller were co-chairmen on the food and organized it exceptionally well. Their 'crew' consisted of Muriel Longo, Geri Hendrickson, Sue Reams, Bob Siebold, Dick Paddock, Eve Popovich, Mike Ellis and myself. Pattie Fink took home all the beans that were left and froze them for future country club use. The club also wishes to extend special thanks to Orf DeLuca for his help with posting scores, etc.

Now for the big winners. Mike Popovich and Eve Besio were the low scorers of the day with a 71 and 96 respectively. Elden Tonini and Vina Clepper took the net trophies but I 'goofed' and didn't get their scores. All in all, I would say the sun went down on a group of happy golfers, all with something to be pleased about . . . now, aren't those of you who missed it real sorry?

Auburn is coming to the Ponderosa next Sunday and again the Country Club will play hosts to a competitive game and dinner . . . hope most of you will show up to greet them.

Alex Stewart came racing down the sidewalk last Friday beaming from ear to ear . . . he said, "today we're having our biggest day ever at the Ponderosa. There must be 130 people playing up there." Needless to say, I was inwardly just as pleased as he was. Someday we'll probably need 18 holes.

I heard that Irene Englehart is now taking lessons and also Virginia Paddock. That's the proper way to do it, all rightee. I saw Ken and Honore Hedlund last week. They were taking advantage of our state park facilities as Chet and Jean Burns did a short time back. I hardly recognized their daughter, Karen. She's turning into a beautiful young lady. Watching these youngsters grow up is only a living reminder that the years are really flying by—(a run-down on the championship matches next week).

"I'm Your Ready Servant"

"I'm a champion at doing the laundry . . . more gentle than anybody . . . and I can wash in water so hot it kills the germs right now! I protect those delicate colors and sensitive fabrics too. I can take your orders and follow them out to the letter!"

"I swish the clothes . . . rinse them, change the water at exactly the right time and then spin them almost dry. I can do a whole week's wash and never get tired, or do just a few things when you need them."

"I save you lots of time when you're busy with other things, and do all the washing in the average home for just five cents a week. My wages are low and I've never asked for a raise. So ma'am, click the switch and let's do the washing."
